"It is our choices that show what we truly are, far more than our abilities."

J.K. Rowling

JATC Student Ambassadors attended the 12th Annual Leadership Conference at Utah Valley University, CHOICE : The Catalyst of Character. The keynote speaker was Sean Covey, author of *The 7 Habits of Highly Effective Teens* and the *6 Most Important Decisions You'll Ever Make*. He addressed the critical choices that teens face today, and how they can apply the 7 Habits to unleash their individual greatness. The keynote was followed by a number of breakout sessions. We are looking forward to the great things ambassadors are planning for the 2011-2012 school year.
